

FHA DISCLOSURE MATRIX

Legal Disclaimer: Although a good faith attempt has been made to make this table as complete as possible, it is still subject to human error and constantly changing laws. It should neither be considered complete or used as a substitute for legal advice. No warranty, either expressed or implied, is attached in any regard to this table. Any reproduction, distribution, sharing, or modification of this table without the express written permission of an authorized agent of Docutech is prohibited.

Notes Concerning the Columns: The “Specific Language Required” column, in essence, indicates whether a Disclosure contains language that may or may not be modified. Categories such as “Statutory,” “Administrative,” and “Official Form” mean that the Disclosure must be in a specified format. Categories such as “Sample” or “Model Form” mean that the Disclosure can be modified, but any “safe harbor” protections would be lost. Other categories such as “Partial” or “No” mean that the Disclosure contains, either in whole or in part, original Docutech language that may be modified.

The “Lenders/Brokers/Both” column refers to the type of entities that the Disclosure will print for, based on Docutech’s current configurations.
